Here are the Agenda and Background Material for May 25, 2018 --- 11:00 Eastern, 10:00 Central, 9:00 Mountain, 8:00 Pacific.

Connect information at end.

1) Definition marked. And exported as official version.

2) Kinter's comment from last week on defining r2o path. How would we do this? Once, done, we can measure improvement.

3) Report from the Communications WG on near-term possibilities.

4) Jeff C's comment on what is in current system, how were the decisions made. Are there assets available? What can the WGs do?

5) How to advance our end-to-end focus?

6) Other items from last week's meeting.

June 8 will be a report from the repository sub-group.
